July 2025

Dear Residents,

We are pleased to announce delivery of your new trash & recycling cans for the Township's Automated Trash Program. The initial phase began earlier this month, and we anticipate the delivery of all cans will be completed by the end of August.

After September 15, 2025, we will begin accepting orders for the purchase of second cans if needed. The cost for an extra can is \$65. There is a maximum of two (2) trash cans and two (2) recycling cans per household.

Please begin utilizing the new trash (BURGUNDY) can and recycling (BLUE) can **only after your old cans have been emptied. To discard your old cans, please leave them at the curb. They will be collected separately within a few days.**

- TRASH should be securely bagged and placed in the **BURGUNDY** can.
- RECYCLING items must be placed loose (NO PLASTIC BAGS) in the **BLUE** can; cardboard must be flattened and also placed in the BLUE can.
- **Items placed outside a can, besides, or on top of a can WILL NOT BE COLLECTED.**
- Place your can: in the street, against the curb, and with the lid facing out.
- Place your can: at least four (4) feet from obstructions, including parked vehicles.
- Place your can: no earlier than 4 PM the day before, and no later than 5:30 AM on the scheduled collection day.

Residents with disabilities: Please provide a doctor's note stating you are disabled to be added to our list for special assistance. A staff member will retrieve your can from the top of your driveway and return it after being emptied. For more information about this program, please contact Public Works at: **732-349-4616**

BULK TRASH: Residents will continue receiving unlimited bulk trash collections throughout the year **but must first call 732-349-4616** to schedule the pickup. Bulk trash items should be placed in the street (and against the curb to avoid vehicle traffic) no earlier than 4 PM the day before, and no later than 5:30 AM on the scheduled collection day.

We appreciate your support and cooperation as we make these changes to better serve the community.

Shawn Thomas, CPWM

Director of Public Works
